I'm a full stack web developer currently doing some freelancing jobs in Cyprus for clients including local businesses. Passion, curiosity, dedication and hard work brought me here. I enjoy building features, learning new technologies and dealing with ambiguity or complexity. When I was a kid, I used to play with ants, and that's where I developed very keen attention to details.

EXPERIENCE:

- **Full Stack Web Developer, Freelance (Nicosia, Lefkoça, North Cyprus)**

November 2017 – now

Working on personal projects, part-time jobs and doing client works. I have worked with clients such as Lemar just to mention one where I helped five-person team and contributed to their code base and increased 18.4% of their sales last year.

- **Facilitator and Partner liaison (Kinshasa, DR Congo)**

September 2014 – September 2016

Volunteering for the United Methodist Church Humanitarian agency in Congo.

- **Internship Trainee at Central Bank of Congo (Kinshasa, DR Congo)**

January 2014 – June 2014

Doing Internship in the HR department as part of my undergraduate program.

TECHNICAL SKILLS:

- HTML5/CSS3/Javascript
- Python/Django/Flask, SQL
- Php for WordPress
- WordPress
- NodeJS / Express
- API Development

- WebGL / Three.js (still learning...)
- Debugging Techniques
- Application Programming Interfaces (APIs)

SOFT SKILLS:

- Communication
- Listening
- Team Work and collaboration
- Empathy
- Integrity

EDUCATION:

- **Coding Dojo (Seattle, United States)**

Summer 2017 – November 2017

I attended this bootcamp that teaches 3 full stacks in just 15 weeks, and I developed speed learning.

- **MBA (Master in Business Administration) at Near East University
(Nicosia, North Cyprus)**

September 2016 – June 2018

Pursuing my master degree in one of the most popular and accredited universities in Cyprus.

- **Bachelor Degree in Business Administration at Africa University
(Mutare, Zimbabwe)**

January 2010 – June 2015

Pursuing my bachelor degree program at a pan-African and a United Methodist Related Institution in Zimbabwe.
